Title: Process of Manufacturing One-Piece Reflective Pavement Marker, Delineator and Method of Making

ELECTION OF THE INVENTION TO BE EXAMINED

Commissioner of Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Mr. Addie

Enclosed please find the elected Claims 5-8, 10-12 with an amended Claim 13 incorporating the wall means for structural support and reintroducing Claim 3 as Claim 14, a dependent claim for Claim 5.

The drawings are renumbered in sequence. An amended specification and drawing list are enclosed to include all the new numbers for each referenced drawing.

Claim 13 was amended to show that structural wall means are by products of this method of forming a one-piece reflective marker in claim 5 and claim 8.

Claim 13 is the only method process for making the apparatus of claim 5 and 8.

The one-piece marker of claim 5 and claim 8 cannot be produced by extrusion. Only the backing sheet for the base area of the one-piece marker may be produced by extrusion; however, it is not recommended nor claimed herein.

The original Claims 1, 2 and 3 are being canceled.

NO NEW MATTERS ADDED TO THIS AMENDMENT.
